TECHNICAL INFORMATION. Full Technical Information will be published in Info Bulletin 4 – Technical Bulletin but the following points are highlighted.

13. DRUG TESTING: Random drug testing will be conducted at the 2011 World Championships. Your attention is drawn to IDBF Regulation 11 concerning drug abuse and doping. All tests will therefore be set against the current IOC banned substances list and Members of the IDBF Medical and Sports Science Commission will be on hand to monitor the testing process.

The current List of Banned Substances is shown in the IDBF Anti Doping Policy – Annexes on the IDBF website: <http://www.idbf.org/>

14. ENTRY CONDITIONS: Entry to the IDBF World Championships is restricted to Teams selected and entered by their Member Associations' as a 'Representative Team'. As such the competitors race in Racing Colours of the country or territory that they represent.

Team Racing Colours. For IDBF Championships in which National Crews take part, IDBF Regulations state that competitors shall compete wearing their countries recognized national competitive colors that is to say the colours normally used by their National Olympic Association.

1. Nationality. The IDBF Nationality Regulation will apply (Competition Regulation No.4). Each Representative Team may have up to a total of 84 Team Members (Standard Boats) or 48 Team Members (Small Boats), in each Championship Division (Premier, U23s, Senior A and B and Junior A and B) to give a maximum Team total of 504 Standard or 288 Small Boat Team.

2. Identification. Each person on the Named Entry Form will be allocated a Personal Identity Number (PIN), which will be shown on the Accreditation Card issued to all participants on arrival in Tampa. Entry to the Regatta Site will be on production of the Accreditation Card.

3. ID Checks. Random ID checks will be carried out during the championships by the Race Officials to ensure that only those Competitors shown on the Named Team Entry List are competing. Crew Lists will also be checked against Accreditation Cards by the Race Officials. Competitors will also be selected for random Drug Testing by their PIN.

15. EXCEPTIONS - BOAT HELMS, DRUMMERS AND U23s CREWS

Teams are advised that IDBF Competition Regulation 2.12 excludes Male Helms from Steering in the Women's Racing Classes. The Drummer in a Senior Crew and the Helm (Steerer) in a Junior Crew do not need to conform to the relevant age limits shown below.

Age Regulations: Senior A – Age 40 or over, **Senior B** (Grand Dragons) – 50 or over as of 1 June 11
Junior A – Under 18 but 12 or over. **Junior B** – Under 16 but 12 or over as of 1 January 2011.

U23 Crews. Under 23 but 18 or over as of 1 January 2011 but up to 6 crew members below the age of 18, on 1 January 2011, may be included, in a Standard Boat Crew and up to 3 crew members in a Small Boat Crew.

16. CREW LISTS: A Crew List showing the competitors and reserves who will be racing in a particular Competition Class must be submitted by the Team Leader or Crew Manager to the Chief Official no later than 1 hour before the first race on the day in which the competition takes place. **(Examples are available for completion on the IDBF Data Base and a template for downloading, will be included in the Technical Information Bulletin – Bulletin Number 4.**

Fit To Race. You are reminded that when signing the Crew List, the person signing is confirming with the Chief Official that all the competitors shown on the list are fit to Race.

This statement covers not just the physical ability of the competitors to undertake the race concerned but it also means that the signatory is confirming that there are no known medical reasons why those listed should not compete during the whole period of the Championships.

17. DOUBLE ROSTERING:

Teams are advised that whilst it is possible under the IDBF Competition Regulations for competitors to race in more than one Racing Class, for example, Women or Open and Mixed or indeed to race in both a Premier and or Senior/ Junior Division, with the exception of competitors in the Mixed Competition Classes, this form of 'Double Rostering' is not encouraged.

The reasons for this are two fold. The first is to give competitors adequate rest between their races. The IDBF Comp Regs allow for rest periods between races in the same Competition Class (40 minutes in the 500m competitions, for example) but if paddlers are in more than one competition class, then this regulation can become ineffective.

The second is that to enable all the Competition Classes on one day to be completed in good time, the Race Programme is constructed (with the exception of the Mixed Races) on the basis that competitors are only racing in one competition. When competitors race in more than one, the Race Organizers cannot guarantee that paddlers will not be in 'back to back' races during their racing day. Back to back racing is undesirable to all concerned.

Team Leaders are advised that no allowance will be made in the Race Programme for any competitors who are double rostered, with the exception of the Mixed Classes. Crews with double rostered paddlers are advised that in the event of 'back to back' racing arising that the Race Officials will not delay races or make any extra time allowances.

18. RACING VEST NUMBERS: Teams should provide their own sets of Racing Vest Numbers (1-26) but a limited sets of Racing Numbers will be provided by the Organising Committee by request and on a pre event order. Team Managers will be able to collect the Racing Numbers for each of their Crew when they attend Team Registration. **Please contact Christine Canevari ccanevari@tampabaydragonboats.com no later than 11 July to order Racing Numbers.**

19. BOAT POOL: All Teams are advised that only those dragon boats provided by the Organising Committee will be permitted to race in the Championships. For this World Championships a pool of twenty (24) Dragon Boats built to the IDBF International Standard Racing Dragon Boat Specification (ISRDB) will be provided in sets of six (6) or 4 boats per set, depending on the Competition Division and entries per Racing Class.

20. BOAT ALLOCATION : Crews will be allocated to boats in accordance with the Lane Draws shown in the IDBF Tail Race Plans. Crews will NOT be allowed to pre-select a boat for any race or to race in a boat not provided by the Organizers.

21. COMPETITORS PADDLES: Only IDBF Licensed Paddles showing the Spec 202a Manufacturers Mark will be permitted at the 2009 World Dragon Boat Racing Championships. Competitors not in possession of a

Spec 202a paddle will be required to either borrow one from another competitor or purchase one before racing. **Please ensure that all paddles clearly display the IDBF License Number on them. See Important Notice to Team Leaders on page 13.**

22. SEAT PADS. IDBF Competition Reg 13.1 Seat Pads. Dragon Boat Seat Pads (cushions) shall be made of a soft material, such as neoprene, of a maximum thickness of 15mm that will compress easily when squeezed between finger and thumb. The width of the seat pad shall approximate to the width of a paddling seat in the IDBF Standard International Racing Boat (12.5 cm) and the length should ideally, not exceed 33cm. **So seat pads should be rectangular, we will not be measuring seat pads to the exact cm, but obviously the round seat pads (IKEA type, for example) will not be accepted, unless they are 'cut to size'.**

23. SAFETY ISSUES: Boat Swamping or Capsize. A capsized boat is rare in our World Championships but your teams must be trained and understand the recommended procedures in the event of a capsized boat. Full details of the IDBF recommendations can be found at: http://www.idbf.org/documents_safety.php It is essential that all teams are familiar with the "Buddy System" and that if a capsized boat should occur the paddlers are required to stay with the dragon boat and wait for the instructions for the safety boat crew. No one should swim to the shore.

24. START VIDEO AND PHOTO FINISH: A fixed video camera will be placed in the Starting area which will record all Starts and assist the Race Officials in determining that Drummers are complying correctly with the starting instructions. This camera will also be used to help identify false starts. A fixed photo finish camera will be used at the Finish to record all boats crossing the finish line.

25. TEAM ACCREDITATION: Team Accreditation will take place in the Tampa Convention Center, at the Regatta Site from 9am-4pm, Sat 30 July to -Tue, 2 August 2011. Team Registration is to be conducted by the Country Team Manager. Team Managers will collect ID Tags, Welcome Bags, Team Managers Information Package, etc. Team Managers can settle outstanding accounts and submit, flags, relevant declarations, waivers, etc at this time.
